INSTRUCTIONS: Complete this form for the Head of Household (HOH). Complete "Household Member" intake form separately for each additional household member. Paper forms should be stored in the client's file at the Access Point per CoC regulations. Instructions for the Assessor appear throughout the document in orange.

ASSESSOR SCRIPT: *"Today we're doing an assessment to see if you qualify for assistance with housing in Marion County. Some resources are available for people at risk of experiencing homelessness. Others are for those who are sleeping outside, in a shelter, or fleeing domestic violence. If your situation changes and you find other housing, you may not be eligible for our system resources after that.*

I'm going to ask you a lot of questions and it is important that you answer honestly to determine what you're eligible for. Questions are not meant to prevent you from receiving resources. The needs of the community are greater than our resources. This assessment is to help us understand your housing needs, but it is important that you keep looking for other housing options too. Do you want to continue?"

BASIC CLIENT INFORMATION: For head of household. Complete the client's identifying information. Name and social security number have associated data quality fields. Data quality fields are used to indicate the reason full information wasn't collected. Name and social security number data quality fields allow users to indicate when a client doesn't know or refuses to provide information. If the required data is collected then ClientTrack automatically records that full data quality was met.

CLIENT RELEASE OF INFORMATION & SHARING PLAN (see next page)

If you are completing a paper assessment because the client has not consented to have their information in HMIS, do not complete the CES ROI.

Instead, complete and file this paper form, then submit the Confidential Intake Form (Inclusion Form) to CES@chipindy.org for an anonymous CES enrollment.

Otherwise, please complete the following CES ROI and upload a signed copy to Document Check and receive verbal consent to sign electronic ROI in the enrollment workflow.

Introduction: This application will be used to help identify your needs and refer you to housing programs. Please understand that the information you provide will be input into the Homeless Management Information System (HMIS), which many homeless service providers in Indianapolis use to keep information about people that they help. Although we will share some of your information for the purposes of helping you connect to resources, we have strict rules about sharing and everyone using HMIS is trained to protect your information. If you do not want to share your information in HMIS, we can complete a confidential application and can still help you connect to resources.

SECTION 1 - Identifying Information in HMIS

This basic identifying information is collected about you and your family members and can be seen by all Indianapolis agencies that use HMIS:

- Name
- Gender
- Social security number
- Date of birth
- Race, ethnicity
- Marital status
- Veteran status
- Phone number, address

Why do we collect information about you?

- Work with other agencies to help you
- Help case managers work together for you
- Connect you with other helping agencies or benefits you may be eligible for
- Reduce the number of times you have to tell your story
- Identify where there are gaps in our community resources so we can work to fill them

SECTION 2 – Coordination of Care Sharing Plan for CES

Many Indianapolis agencies also use the Coordinated Entry System (CES) to improve services to you through coordination of care. If you receive services from multiple agencies that participate in CES, agreeing to the Sharing Plan defined below allows for these agencies to see your information.

The information shared about you and your family members through the Coordination of Care Sharing Plan includes the basic identifying information listed in Section 1 and:

- Homeless status and history
- Type of housing you are eligible for
- Domestic violence history
- Insurance information
- Income information
- Medical information including presence of mental or physical health conditions, disability, substance abuse, pregnancy status

I understand that:

∗ I can receive a copy of the Privacy Notice/script that explains HMIS and my rights and responsibilities associated with how information is kept and shared through this system, upon request.
∗ I understand that the confidentiality of my records is protected by law. I understand that this agency will never give information about me to anyone outside the agency without my specific written consent through a Sharing Plan or as required by law (The regulations are the Federal Law of Confidentiality for Alcohol and Drug Abuse Patients, (42 CFR, Part 2) and the Health Insurance Portability and Accountability Act of 1996 (HIPPA), 45 CRF, Parts 160 & 164) and certain Indiana State laws.

∗ I understand that the information I provide will be used to determine if I am eligible for partner agency housing, services, or related programs. I also understand that each agency may have different eligibility requirements.

∗ I understand that if I have a domestic violence history, details regarding specific incidents will NOT be shared nor will other housing agencies have access to this information unless I have given my consent.

∗ I understand that I am signing this consent as a release of information so that my information may be shared with housing providers at housing case conferencing for housing referral and placement purposes. Only relevant information that would impact eligibility will be discussed.

∗ I can withdraw my consent to share at any time; however, any information already shared with another agency cannot be taken back. I also understand that the request to discontinue sharing will have to be coordinated between sharing partners. If I withdraw my consent, I should tell any agencies that I see who are included on the Plan.

∗ I understand that the refusal to share information in this system will not be used to deny me services such as emergency assistance, outreach, shelter, or housing assistance.

∗ I can get a list of the partner agencies that will be able to see my information upon request.

∗ I understand that a copy of this authorization is as valid as the original.

SECTION 3 – Signatures

Instructions: By signing below you understand and agree to all your information being visible to all participating partner agencies according to the Sharing Plan.

This release is active until revoked.

INCOME. Indicate below the client's sources of MONTHLY income, non-cash benefits, and expenses. The following instructions are quoted from the HMIS Data Manual:

- When a client has income, but does not know the exact amount, a "Yes" response should be recorded for both the overall income question and the specific source, and the income amount should be estimated.
- Income received by or on behalf of a minor child should be recorded as part of household income under the Head of Household, unless the federal funder in the HMIS Program Specific Manual instructs otherwise. Income should be recorded at the client-level for heads of household and adult household members. Projects may choose to collect this information for all household members including minor children, as long as this does not interfere with accurate reporting per funder requirements. Projects collecting data through client interviews should ask clients whether they receive income from each of the sources listed rather than asking them to state the sources of income they receive.
- Income data should be recorded only for sources of income that are current as of the information date (i.e. have not been specifically terminated). As an example, if a client's employment has been terminated and the client has not yet secured additional employment, the response for Earned income would be "No." As a further example, if a client's most recent paycheck was 2 weeks ago from a job in which the client was working full time for $15.00/hour, but the client is currently working 20 hours per week for $12.00 an hour, record the income from the job the client has at the time data are collected (i.e. 20 hours at $12.00 an hour).

The next section is the new CE Vulnerability Assessment Tool created and approved by the CE Vulnerability working group. The CE Vulnerability Assessment Tool aims to measure vulnerability as defined by the CoC via the CE Vulnerability working group. Obtain the answers to the following questions using conversation-based and trauma-informed assessing. If you would like additional information or training on conversation-based assessing and trauma-informed care, please reach out to the CES team at ces@chipindy.org.
