

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2025 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.

- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.

YHDP Renewal Grant Consolidation/Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

3B. Project Description

1. Provide a description of the project. This MUST include the following: Entire scope, who the project will serve, activities offered and staffing.

HealthNet’s Homeless Initiative Program (HIP) is requesting renewal funding for rapid rehousing and services to serve 45 youth households in Indianapolis, Marion County, IN, including pregnant/parenting young adults and special populations. HIP has been serving diverse populations since our inception over 50 years ago. As the largest RRH provider we request the most applicants from CES so all populations are referred and served.

Once CES applications are received, HIP’s Case Managers (CM) meet with the client to gather eligibility paperwork, and explain the RRH program expectations. If the client want to participate and RRH Program Agreement is signed, and a HIP RRH Housing Committee is scheduled within 48 hours. The housing committee consists of the client and whomever they would like to join, the CM, a Housing Specialist (HS) and the HIP RRH Supervisor.

Together, the group identifies the client’s strengths and barriers towards obtaining housing in order to create a sustainable housing plan. HIP’s HS offers assistance in locating safe, affordable housing that matches the household’s needs. Scattered site placement may be with the one of HIP’s 20+ housing partners or in a newly identified property that meets the household’s needs. The HS assists with the lease application, housing inspection and move-in, reviews tenant rights and responsibilities and is a liaison in tenant/landlord conflicts. The CM continues to work with the youth to identify wrap around services as needed, including mainstream services such as food stamps and health insurance, and a plan for increasing income through employment and/or obtaining benefits. Progressive case management continues as needs are identified towards self sufficiency including provisions for short or medium term financial assistance. All clients are offered assistance from HIP’s Employment Specialist in increase income through sharpened employment skills, resume development, and job search.

Once stably housed the client and CM begin to focus on linking the client with a safety net including reunification with family, friends, and community services such as Community Centers, libraries, clubs, and faith based entities if desired. Rent assistance will progressively transition to the client while working on budgeting and other skills to successfully maintain housing. All client data and outcomes are entered and tracked in HMIS.

1a. Specify how this project will incorporate the principles of Positive Youth Development?

HealthNet uses a strengths based approach that builds rapport to understand those strengths so they highlight those for our clients. Once rapport is established strengths and interests are built on to help clients find meaningful way to plug into community such as being part of the YAB committee and identifying fulfilling employment. HealthNet staff recognize that the path to homelessness carries trauma, therefore staff enter relationships gently, following the lead of those they serve. They focus on all aspects of safety knowing that they may not explicitly hear this need from their clients. Building trust is work and a privilege and is essential for success. HIP staff are aware that they often have to work harder than the client at first to earn that trust and show they will continue to support through turmoil and they won't judge. Instead HIP staff offer unconditional positive regard and celebrate strengths as the relationship transition to staff walking behind their client as they successfully build the new life they want to lead.

1b. Specify how this project will incorporate the principles of Trauma Informed Care?

HealthNet recognizes that homelessness is the far along a path full of trauma. HealthNet enters relationships gently, following the lead of those they serve. They keenly focus on all aspects of safety knowing that they may not explicitly hear this need from their clients. Building trust is work and a privilege and is essential for success - HealthNet knows that they need to work harder than those they serve at the beginning of the relationship to prove that they are trustworthy, that they will stay in the game through turmoil, that they won't judge. Instead, Healthnet supports, identifies, and celebrate strengths all the while hoping the relationship evolves to us walking behind their client as they successfully build the life they want to lead.

1c. How does this project help the community meet the shared vision, goals and objectives of the coordinated community plan?

Indianapolis' Coordinated Community Plan sets the vision to prevent and end YYA homelessness in Indianapolis, once and for all. The 5 key steps in this plan are: 1) Optimize the crisis response system to reduce the length of time that YYA spend homeless. In partnership with the Indy CoC, HIP is working to restructure Indianapolis CES to include housing problem solving conversations at the front door of homelessness with additional pathways out of homeless through this system including diversion and rapid exit. 2) Increase availability and access to safe, supportive, and permanent housing for all YYA experiencing housing stability. HIP is working to restructure Project Prism to respond to YYA homelessness more efficiently by responding in a more organized way to support more thorough care plans lead by the youth enrolled in the program. These plans will better assist in progressive case management and financial assistance leading to more successful exits to permanent housing which will allow us to serve more youth with this same funding. 3) Expand and enhance wraparound services and coordinated approaches to increase housing stability and prevent return to homelessness. HIP recognizes that YYA need a community that reflects positivity and support. HIP will focus on building rapport with each youth enrolled to understand individual needs and then to provide or connect resources to meet and address those needs. HIP will ask the YAB to help brainstorm places offering beneficial social supports. 4) Engage intersecting systems in a shared approach to prevent YYA from being release to homelessness. HIP will work with the Indianapolis CoC to refocus on this goal in hopes of creating a workgroup to plan for and strategically address these systems. 5) Empower leadership entities to align resources, enable collaboration, and maintain transparency with the community in order to prevent and end YYA homelessness. In partnership with the Indy CoC, HIP is leading the effort to restructure the front door of homelessness to include housing problem solving conversations and exits out of homeless through diversion and rapid exit. This effort is being piloted and involves all YHDP partners so that all resources are known and shared in an equitable fashion at the time of entry.

Having too little or little income	<input checked="" type="checkbox"/>
Active or history of substance use	<input checked="" type="checkbox"/>
Having a criminal record with exceptions for state-mandated restrictions	<input checked="" type="checkbox"/>
History of victimization (e.g. domestic violence, sexual assault, childhood abuse)	<input checked="" type="checkbox"/>

3d. Does the project follow a "Housing First" approach? Yes

5. Effectively serving youth populations:

5a. Describe the racial composition of the persons or households who are expected to benefit from your proposed grant activities, including a description of how you analysed the local population to determine this.

Based on the Indianapolis CoC 2024 PIT Count, 53% of those who are homeless are Black compared to the general population where Black individuals only make up 22% of the population, there is growing disparity in the Indianapolis CoC. This data is routinely updated on a community dashboard that allows us to see data in real time. The racial composition of the persons served in Project Prism will look the same as the population represented on the PIT count.

5b. Identify at least one barrier to persons or communities of color equitably benefiting from your proposed grant activities.

While Project Prism (HealthNet as a subgrantee) will try its best to eliminate barriers for clients who come from communities of color, barriers will exist. The biggest barriers will be in working with landlords to ensure that fair housing is being followed and the second will be in the unintentional biases that may occur in partners or employees of the organizations.

5c. Detail the steps you will take to prevent, reduce or eliminate these barriers.

For the fair housing barrier, the first thing that Project Prism will do is educate clients on their rights under fair housing and how to alert staff or the Fair Housing Center of Central Indiana if there is an instance of a violation of fair housing. The other step is to train staff to be on the lookout and work with known landlords on how to follow fair housing laws. For the second barrier of unintentional biases, training is going to be key. All new staff members will take part in Racial Equity training with follow up trainings happening yearly. Also, Project Prism will focus on growing its committee made up of people with lived experience that can provide insight on not only what it has meant to be homeless, but in other cases, what it has meant to be a person of color and homeless. Feedback from this group will lead to systemic changes in programmatic structure and execution of services.

5d. Describe the measures in place to track progress and evaluate the effectiveness of efforts to advance racial equity through the grant activities.

The Indianapolis Continuum of Care has system performance dashboards that are updated monthly to include performance data and data on households served. As well, there is a dashboard dedicated to youth and young adults in our system. Once a month during youth and young adult case conferencing, the youth and young adult providers will review data, learn from success, understand gaps, and continue to push forward for racial equity in our system.

HIP staff have been involved every step of the way recognizing the value this Board will bring to not only our project but to the community overall and the tremendous amount of work it takes to pull this together and support it to a meaningful and fulfilling end. HIP Project Prism staff look forward to working with our community partner and the YAB to present our program, share our policies and procedures, and continually listen for major changes and minor tweaks. The YAB will be meeting two times per month, one meeting per month will be just for YAB members and the other will welcome providers to attend. HIP Project Prism staff will be at those meetings to ensure we are aware of any and all recommendations and contributing to the work of this Board. HIP Project Prism staff will introduce the quality improvement plan first developed through Indianapolis' Coordinated Community Plan and will support the work of updating this plan so it is relevant and impactful in addressing root causes of youth homelessness in our community.

III.B.4.b(5)(i) :

Healthnet's project has had this special activity in the past. Assisting clients up to 36 months allows Healthnet to help support the youth and young adult client who may have not had job experience or access to mainstream benefits. The 36 months allow for more time between employment and fully taking over the lease. Not all clients need the 36 months of rental assistance. Healthnet must get permission from the Collaborative Applicant to use this Special Activity.

III.B.4.b(5)(ii):

Additional supportive service up to 24 months ensures that the Healthnet can provide a safer handoff in transitioning to self success while also ensuring that clients do not return to homelessness.

5. Innovative Activities III.B.4.b(5)(c)

a. Is the applicant requesting an Innovative Activity that is not currently allowed under 24 CFR 578 or the above YHDP Special Activities? Yes

Provide a description of the Innovative Activity:

•24 CFR 578.51 to include monthly pet fees, renters' insurance, and pest control as eligible costs. This waiver could help youth and young adults that have pets remain together as they transition to housing. As well, renters insurance and other fees have started to become mandatory for many properties.

•24 CFR 578.37(a)(1)(ii)(E) to waive the requirement to reassess a project participant's continued eligibility for assistance annually because young people (age 18-24) may exit a program but not necessarily into stable housing and may need ongoing but intermittent assistance.

b. Will this activity be testing or likely to achieve a positive outcome in at least one of the four core outcomes for youth experiencing homelessness (stable housing, permanent connections, education/employment, and well-being)? Yes

c. Is the activity cost-effective? Yes

d. Does the activity conflict with fair housing, civil rights or environmental regulations? No

e. Is the activity approved by the YAB? Yes

f. Is the activity approved by the CoC? Yes

4A. Supportive Services for Participants

**1. For all supportive services available to program participants, indicate who will provide them and how often they will be provided.

2. How will the project allow youth the ability to choose the providers and interventions that fit their needs?

One of the projects that was awarded under YHDP is the YHDP System Navigation Project. These system navigators work with clients to not only to be assessed for coordinated entry and to gather documents, but to discuss the choices for programs that are available for youth and young adults. These clients choose preferences based off of needs and services offered in each program. In youth and young adult case conferencing, clients will only be referred to programs that they have referenced.

3. How will the project respond to the different needs for service type, intensity, and length of supports for youth?

YHDP organizations use progressive engagement model focusing on individualized supports that will be pave the way to long term success. As well, case management loads aim to be 20 clients for every one case manager so that that case manager can assist the client in their individualized needs. YHDP organizations also partner with one another and with local organizations to provide as many services as possible so that clients have choice.

4. If applicable, how will this project utilize non-HUD funded supportive services?

HIP Triage Specialist, Housing Specialist and Case Managers have a long history of providing services in Indianapolis. HIP Triage staff answer and respond to over 20 calls per day regarding housing crises, staying on top of resources and processes to access those resources is essential in their work. HIP Housing Specialist and Case Managers spend a lot of time building rapport with each client and/or household in order to understand specific needs, not only to address barriers to housing to support each individual to thrive and identify and find success through their eyes. Our teams come together to share stories, struggles, resources, and successes so information flows freely especially if a solution is needed to meet a client need. For example, HIP has been working with a faith-based community to offer welcome kits for youth as they move into their housing. These often hold cleaning supplies and essential toiletries which can be expensive but are needed.

Identify whether the project includes the following activities:

5. Transportation assistance to program participants to attend mainstream benefit appointments, employee training, or jobs? Yes

5a. Transportation assistance to clients to attend Youth Action Board (YAB) meetings and other community events? Yes

6. Annual follow-ups with program participants to ensure mainstream benefits are received and renewed? Yes

7. Will program participants have access to SSI/SSDI technical assistance provided by the project applicant, subrecipient, or partner agency? Yes

7a. Has the staff person providing the technical assistance completed SOAR training in the past 24 months. Yes

4A. HMIS Standards

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2025 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report (AHAR), System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by all Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

Governance Charters and HMIS Policies and Procedures are reviewed annually and updated as necessary. Proposed changes and updates are shared with stakeholders directly as appropriate and in bi-monthly HMIS Committee Meetings which are composed of interested stakeholders for approval. Subsequent decisions are communicated out to the CoC through HMIS User Group meetings, e-mail blasts, and HMIS dashboard posts as appropriate, and relevant documents are posted on the CoC website when necessary.

6. Who is responsible for ensuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

The Coalition for Homelessness Intervention and Prevention is responsible for communicating out and monitoring privacy and security standards via user training and support and agency site visits. Privacy and security standards requirements are included in the HMIS Policies and Procedures and in the privacy policy. Agencies, such as HealthNet, are responsible for adhering to HMIS Policies and Procedures including privacy and security practices within their organization as stated in the Agency Agreement.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards on a regular basis? Yes

8. What is the CoC's policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

Per the HMIS Policies and Procedures, the individual witnessing or experiencing a security breach must notify their agency's security officer as well as the HMIS Lead. A security breach consists of an incident where client data and/or system access information as been lost, stolen or missing. The HMIS Lead will then notify the Agency's HMIS Site Administrator of any corrective action, up to and including termination of the User's and Agency's participation in the HMIS.

VAWA Budget

VAWA Budget

The Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

- A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:
- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
 - Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
 - Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
 - Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
 - Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
 - Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
 - Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
 - Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.
- B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:
- Monitoring and evaluating compliance.
 - Developing and implementing strategies for corrective actions and remedies to ensure compliance.
 - Program evaluation of confidentiality policies, practices, and procedures.
 - Training on compliance with VAWA confidentiality requirements.
 - Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
 - Costs for establishing methodology to protect survivor information.
 - Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project’s Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

6I. Summary Budget

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC's final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Sir:

This letter is in response to your request for a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued in September 1984 granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(3).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Health Net, Inc.
35-1579827

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

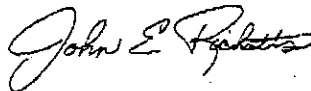

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. If your organization had a copy of its application for recognition of exemption on July 15, 1987, it is also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). In 2020, Youth Action Board (YAB) members were involved in the selection of YHDP Projects in varying capabilities. Two members participated in the RFP Workgroup, in which all proposals were reviewed, ranked and rated. Once project selections were made, the remaining YAB members reviewed the proposed list of selected projects, via phone, Zoom or in person, and provided their recommendations. Selected projects were given the recommendation from YAB and amendments made to their projects. Projects were approved by all YAB members before finalized for submission.

On behalf of the 2024 full Youth Advisory Board (Formerly the Youth Action Board), we confirm the YAB reviewed and approved the application of the 2025 YHDP Project Prism Replacement Project and believe it continues to be in alignment with Indianapolis' Coordinated Community Plan to Prevent and End Youth and Young Adult Homelessness.

Re: Youth Homelessness Demonstration Program Grant

CoC: IN 503 Indianapolis

Grantee: HealthNet/Indiana Youth Group Project Prism RRH

The City of Indianapolis is a Grantee of the FY2018 Youth Homelessness Demonstration Program (YHDP) funding. The City of Indianapolis received the funding in 2019 and completed its Coordinated Community Plan to Prevent and End Youth and Young Adult Homelessness in early 2020. The City has awarded six different projects to address the needs identified in the plan. Each of the projects is seeking multiple waivers/special requirements to the interim rule to meet the different needs of youth and young adults. Specifically, the City of Indianapolis as the collaborative applicant of the Project Prism (PH-RRH) project is requesting to waive:

New Innovative Actives Requirements to Apply For:

- 24 CFR 578.374 (a)(6)(ii)(E), the requirement to annually reassess a program participant's continued eligibility for assistance. We propose that young people who show a demonstrated need for continued support are able to maintain their initial eligibility for ongoing or intermittent assistance.
- 24 CFR 578.51, In addition to the eligible costs listed in the rule, include monthly pet fees, renters' insurance, and pest control as eligible costs.

We are committed to creating and implementing a response system that provide the maximum amount of flexibility for young people to self-resolve their homelessness while providing young people who need intensive services access to permanent housing with on-going supports. With the above waivers, the transitional housing to rapid re-housing project will be a part of a flexible system to meet those varying needs.

Please see the attached detailed information and justifications information about the intervention and the waiver request. Please contact me at Jennifer.Fults2@Indy.Gov or at 317-327-5899 if you need additional information regarding this request. Thank you for your consideration.

Sincerely,

Proposed Innovative Activities for YHDP projects

<i>Type</i>	Rental Assistance
<i>Category</i>	Eligibility for Assistance
<i>Request</i>	Waive the requirement to reassess a project participant's continued eligibility for assistance annually because young people (age 18-24) may exit a program but not necessarily into stable housing and may need ongoing but intermittent assistance.
<i>Citation</i>	24 CFR 578.37(a)(1)(ii)(E)
<i>Justification</i>	<p>Young people face barriers to retain housing, such as job instability, that could require ongoing but intermittent assistance. This alternative requirement would allow a young person to go off of rental assistance but continue to receive case management and other supports but leave the opportunity for additional rental assistance (until the project participant receives the maximum of 24 months of non-consecutive) if needed due to barriers.</p> <p>With this alternative requirement, our community would achieve positive outcomes for stable housing and social emotional well being as it would help alleviate the stress of losing housing due to circumstances that could be out of control, such as job loss due to a pandemic.</p>
<i>Agency (Project) requesting</i>	Project Prism, Damien Center, City TH-RRH

<i>Type</i>	Rental Assistance
<i>Category</i>	Eligible Costs
<i>Request</i>	<p>In addition to the eligible costs listed in the rule, include monthly pet fees, renters' insurance, and pest control as eligible costs.</p> <p>Obtaining and maintaining renter insurance is a good practice and often a requirement of the lease. Providers also find many properties charge a monthly pest control fee for routine application. While this is a great benefit for tenants, it does add an extra financial responsibility to young people. Many young people own pets and organizations make every attempt to secure emotional service animal status, however, this is not always possible.</p>

	<p>This alternative requirement indicates HUD acknowledges in some instances there are additional fees that are necessary and benefit the young person.</p> <p>This alternative requirement would improve housing stability for young people, as well as the social emotional well-being of those who select to have a pet.</p>
<i>Citation</i>	24 CFR 578.51
<i>Justification</i>	In the last year of implementation, projects find that additional fees associated with housing produce barriers for young people.
<i>Agency (Project) requesting</i>	Project Prism, Damien Center, City TH-RRH

<i>Type</i>	Supportive Services
<i>Category</i>	Eligible Costs
<i>Request</i>	Add a rental assistance budget line item in SSO projects to allow diversion projects to assist with deposits to safely house young people
<i>Citation</i>	24 CFR 578.53 (e)
<i>Justification</i>	<p>While we anticipated that family conflict mediation would be a primary strategy utilized by our diversion team, we did not anticipate the large portion of individuals for whom permanent, independent rental housing would be the primary diversion strategy. For 25 of the 62 individuals enrolled in Outreach Inc. Diversion so far (40%), assistance with rental deposits constitutes the primary need they have to be successfully diverted. Short duration of employment tenure leaves clients in a situation where they haven't had adequate time to save to be able to pay for multiple application fees, rental deposit and first month's rent (especially when they were previously staying in a hotel). Lack of credit history resulting in higher deposits also creates a financial barrier to entering independent rental housing. These clients' employment is sufficient to maintain housing, but the initial costs create a significant barrier to housing stability. Even in situations where clients are staying with family or friends, diversion can assist the client in negotiating a timeline to stay that relies on the client making progress toward independent rental housing. Assisting clients on this path also supports maintaining relationships with friends and family who are permanent connections in the lives of clients. Being able to assist with these financial barriers will also shorten the length of time they spend as diversion clients and therefore reduce the amount of staff time required.</p>
<i>Agency requesting</i>	Outreach Inc. Diversion

<i>Type</i>	Supportive Services
<i>Category</i>	Eligible Costs
<i>Request</i>	In addition to the eligible costs listed in the rule, allow payments to a motel/hotel for an emergency stay an eligible cost, consistent with ESG (24 CFR 576.102 (a)(3).
<i>Citation</i>	24 CFR 578.53 (e)
<i>Justification</i>	<p>Of the 62 individuals enrolled by Outreach Inc. Diversion since inception, 22 of them (35.5%) had a significant need for assistance with hotel/motel payment. Four primary situations have arisen that support the need for diversion to be able to assist with hotel/motel costs:</p> <ul style="list-style-type: none"> • Seven of the 62 individuals enrolled (11.3%) were staying in a hotel at the time of their referral to diversion. Their diversion eligibility was based on the fact that they were paying for their own hotel, but were running out of funds and facing literal homelessness within 14 days. An additional 15 individuals were identified through YouthLink Coordinated Entry as staying in a hotel at time of assessment, several of whom have been referred to diversion but not yet enrolled. YYA who are paying for their own hotels have a source of income, but shifting from paying a daily or weekly rate at a hotel to moving into independent rental housing poses a large financial barrier that requires assistance to overcome. Diversion’s ability to do so not only supports an individual’s housing stability, but significantly improves emotional wellbeing in removing the stress, crisis, and impermanence of long term hotel living. • Seven of the 62 individuals enrolled (11.3%) demonstrated a need for hotel funds to fill a gap during the diversion process. The exact circumstances vary, but include an individual whose housing status was jeopardizing her employment stability, an individual trying to reconnect with family in another city and needed a place to stay for a few days until they were able to arrange transportation, and an individual who had a gap of a few days between when they had to leave where they were staying and when their independent rental unit was ready for move in. Each of these situations demonstrates how short-term hotel assistance can support our YYA clients’ employment, permanent connections with supportive family members, and housing stability.
